6. Restart your cociclo

7. Wait for 25 minutes (to heat the CO sensor and avoid false readings) skip this point if the cociclo is not configured with this long pause.

8. Go to http://cociclo.io/carte.php and see your cocíclo on the map.

9. Send an image of your installation.

If there's a problem, send a mail to : acastonguay@artengine.ca
